

The Victory Cup

Celebrate life's little moments, for they all add up to something wonderful! Sometimes, as adults, we forget what a challenge it is to accomplish some of the seemingly routine things in life. Our kids are working hard at growing up! Be sure to acknowledge and make some fanfare when your child is doing the right thing!

Did your child just learn how to tie his shoes?

Did your child just ace her spelling test?

Did your child listen the first time you asked her to pick up her toys?

Did your child finally master division...after a long struggle?

Has your child been using his manners consistently?

Did you catch your child doing something kind for somebody else?

Did your child do the right thing when she didn't know you were even looking?

Give your child a Kidlutions Care Note™ and watch a smile grow!

The Victory Cup

Dear _____,

You did it! I am so proud of you for:

Keep up the GREAT work!

From,
