

Reach for the Stars!

When we say reach for the stars, it means we are working hard at something that we want to do. Maybe it's learning how to do math, read, skate, ride a bike or anything else you want to do.

We can do **ANYTHING** when we work hard, stay at it and believe in ourselves. Write or draw on the next page about something that you are working really hard on right now.

Reach for the Stars!

Write or draw below about something that you are working hard on right now. Never give up! Believe in yourself! You can do ANYTHING!
